Dear Families in Area V and VI:

Henry Wise Wood HS is the designated IB school for ALL interested Grade 9 CBE students living in Areas V and VI.

The IB Programme is a rigorous academic program intended for students successful in Grade 9 classes who would like to challenge themselves in high school and be better prepared ultimately for post-secondary. Grade 9 students who are interested should register in a minimum of two IB courses in order to be eligible and have 3's and 4's in these subjects.

For detailed information about the IB Program, consult our IB Booklet on our school website.
